## *No Guts No Glory*

### *My Dear Lord Of Love And Peace*

*Please Help Make Amends  
For The Sake Of The Children And All Of Our Friends  
No Matter How Far Or How Long Friends Have Been  
It's Always Nice To Reach Out To Warn Again And Again  
That If This Continues All Will Soon End  
To Those That Have No Rights On My Love Of My Land  
Just Like As We Were Traveling Towards South Of My Land  
I Spoke Of The Sewage In The Ozo  
Hear The Mocking Of The Boyos  
Tell The Clowns That Problems Have Arisen From The Stench  
For All That Would Be Driven Will Only Be Respent  
So Have Them Clean Up The Mess And Get Out Of My Camp  
This Is Ruining The Hearts And Souls That We Live For  
It Starts With Doing No Harm And Putting First Always The Children  
The Rule That You're Given Me I Share With My Friends  
I'm Sure You Will Agree They're All The Kings Of All Kings  
That Can Help With Preaching From These Horrible Sufferings  
It Is True You Totally Coerced Me Into Taking On The Burden  
As You Called On Me To Step Up As Queen Of Your Land  
I Knew How Bad It Was And There's Proof With These Distractions  
At Least I Wanted To Help Equally Each And Everyone  
And Always First Thoughts Of How To Help Our Youth  
Why Didn't Any Of You Guys Tell Me The Truth  
Of Why You've Been Waiting For Me Scourying The World  
It Is In The Acts The True Story Of My True History  
As Everyone Followed The Swami Prabhupada Around  
Because They Had Heard Of The Ability To Transcend What He Had Found  
By Sharing His Mercy He Could Turn Matter To Gold And Spread It Around  
So That Is The True Interest In Me And Why You Have Me Stand As Queen  
It Started As I Yelled About Smashing My Trucks To Smithereens  
And Then I Took That Steal And Proposed To The Head B's  
They Processed The Steal And My Proposals And The Wheels Once Again Began To Roll  
And It's The Same With Our Faulty Systems*

*I Threw The Worksheets In The Air And Took The Rocks With No Souls  
Eliminated Bad Processes To Give Back Integrity And True Goals  
And Used One Of Our Other Propagandas  
Rock & Roll Forever It Seems Is The Agenda  
Because As We Carry These Stones For The Temple Of Understanding  
I'm Defeating Past Mistakes And Burying Them Deep  
I'm Looking At The Good In Everyone And Thinking Positively  
Because God Has Once Again Given Us This Chance  
I Combed The Earth's Surfaces To Gain The Right Energies  
Now My True Intentions Must Be Provided For And My Interest And Investments Put Into IWE  
And Don't Forget About What The Lifter Of The Hill Expects Of Me  
In Order To Process Procedures And Create Harmony  
My Projects To Save The Earth And Uplift Humanity Can't Be Neglected Or Replaced With Wars  
I Still Have To Fulfill Sula Prabhupada's Mission  
We've Searched The World Over For Many Generations  
We Had To Find The Only One That Wouldn't Just Push On A Button  
And Would Not Destroy Everyone In Mass Populations  
We Needed The One That Can Go Deeper Than Deep  
And Fly Higher Than The Sky And Fulfill All Needs  
The One That Holds True Interest In Heart And Gives To Everyone  
It Is True That It Must Be You By The Way That You Stand  
No One But The True Owner Of A Town Would Fight One On One Man To Man  
You Are The World's True Gentleman  
While Still Being The Greatest Ksatriya That Will Fight To The End  
You Have Proven To Have Guts To The Glory So Meant For You To Obtain  
See, Now The Government's Interest Just Went Down My Dear Friends  
Because No Guts No Glory Was Part Of Our Propaganda  
That Our Dear Government Said Wasn't Part Of Religion  
Taking Sula Prabhupada's Money And Saying That Was The Reason  
Key Jerk Up In Boston I've Now Proven You Wrong  
A Few Decades Interest Investments Added Up  
Put The Government Down To Less Than Eight Percent Of Our Control That They Hold  
Guess What I'm Up To Realistically As I Was Made To Stand Up  
I'll Tell You Later Because It's Getting To Be A Lot  
You Know The Truth And The Trails Of Where Everything Went  
You Know Of The Toxic Residue That Leaves The Gold When It's Misspent  
And What Happens To All When We Don't Honor Properly For What We Represent  
If The Temple Of Understanding Isn't Soon Built  
Then It Is You And I That Will Be Stuck With The Guilt  
For The Last Breaths Given To The World's Darling Mothers  
This Is Why I Don't Like How My Allotted Finances Are Being Spent  
To Purchase Bombs And Explosives And Systems That Are Bent  
I'll Have To Take Back The Funds Spent On Ammunition  
I Also Need Back Any Spent Of Killing And Meat Eating  
And Neither Are We Responsible For All Of The Deaths  
That Has Been Caused By Stopping Us From Saving This World Of People From Last Regrets  
So I'll Just Forget Everything Else And Carry On With Our God Given Works*

As I Sat Watching My Mother's Last Breaths Leave This Earth  
I'd Like To Give Thanks To All Mothers For Their Love And Their Births  
And For All Of Their Smiles And Hugs That Heal Our Pains And Stop The Hurt  
Thank You Mother Thank You Mother Earth Thank You All Mothers For All Our Net Worth  
Thanks To Our Mother Cows For Their Milk

That Provides Strength For All And Will Make Our Species Flourish  
As Long As We Honor And Let Them Roam Through Their Life From Birth  
Agreements With My Cows Roaming Still Stands On With My Land  
And We Must Do The Same On Your Land And Expand

I'm Sorry These Silly Fools Have Tried Daunting This Mission  
That Is To Save This Earth And Our Species For Centuries Of Generations  
Why Would They Take Our Blood And Try To Destroy All That We Love  
Let's Just Appreciate Blessings From The Great Lord Above  
Now Back To The New Road That Will Carry Our Loads

How Do You Like Harmony Way  
For The Road Of The Foundation Of Where We'll Worship And Pray  
I Know It's Going A Little Long And A Few Obstacles Stand In The Way  
But This Will Build A Stronger Foundation For The Ridge And The Roads That We Pave  
And Stay Clear Of The Children As They Live Laugh Learn Love And Play

Now We'll Dance Feast And Pray Soon Up The Freeway  
As We Hurry Up To Detroit And Get My Energy Bridge's Bill In The Right Place  
That's Where I Proposed For The Highway To Be Named Hillary's  
Because When I Look In Her Eyes I See A Mother's Love Deepening  
The Heart In This Project Will Cause A True Awakening

This Is Why We'll Have Campground On Each Side  
To Honor Families And Nature With The Lessons We Provide  
Now We'll Go Back To Your Side Of This World

As I Was Saying Before These Disturbances  
It Was More Than A Decade Ago When I Read  
About How Southeast Of You So Many Babies Were Left Without Families  
I Was Thinking Of How Here When We Closed Ashrams And That Type Of Living  
The Snanis Said This Is The USA And Here We Are Fortunate

To Have Families To Love That Create Healthy Living  
So We Put An End To That System Here For Our Children  
So That We Could Be Thankful For What We've Been Given  
And To Help Build Stronger Foundations From Within  
This Is Where I Can See A Problem Arising From The African Population

Babies Need Love And Touch Or They Will Die  
Fostering So Many Broken Families Will Pay It's Toll  
Because It Will Make A Generation Of Violence And Outrage  
I Guess We Can See That Going On Right Now In This Day And Age  
Alone With The Rotting Meat Enzymes Causing More Violence  
And People Being Raised Just For Military Activities  
It Just Doesn't Build Up Immune Systems And Ends Up Being Self-defeating  
Now You Have A War Of Outraged Youth To Fame

I Can See It So You Don't It  
The One That Can Give Me My Say

*As Long As You Stand And Travel Along The Temple Of Understanding's Pathways  
You'll Be Perpetual And Clear The Greed From The Land's That Are Shamed  
Now That We're Carrying The Rocks Of Foundation  
As We Travel Past The Ridge Called Blair's  
We Can See A Road Here Would Be Too Steep And Would Cause Dispair  
At The Same Time We Should Start The Irrigation And Water Systems  
Now We Must Carry The Stones With The Big Trucks From Cameron  
This Is Where The Knowledge You Hold Will Come In  
From My Heart And My Soul That You Hold In Your Previous Successes  
Will Begin To Filter In Succession  
Thanks For Fighting This Battle To Stop Massive Losing  
Thanks For Fighting To Save Humanity And The Earth  
I Can't Imagine Any Value In Cities With No People  
It Is Like When Kiv/AIDS Infested The People Of Our Cities  
In New York We Foot The Bill And Started The Burning Bush  
To Give Hope To Someday Live With Well Health And Happiness  
It Seems That Would Be One Of The Greatest Gifts  
To Give Each One Left Another Chance*

*Love You All Always
